

UtahFutures

Hello, it's us. We've been wondering if after all this time you'd like...an update.

Careers

Assessments

College

Community Partners

Springing up all things college and career

The season for change is upon us. UtahFutures.org is growing and blossoming to become even better and more useful. We consistently deploy software enhancements from feedback and recommendations we are getting from our users! In future emails, expect regular reports on updates and content news. In the meantime, scroll down on our [training page](#) to watch a quick UtahFutures tutorial by trainer [Jami Gardner](#).

BFF

[UEN](#) hosts UtahFuturesOnRamp.org; a companion site with support materials for greater engagement with UtahFutures. Training materials, relevant news, a calendar of events, and UtahFutures statistics are just some of what you can find there. UtahFutures and UtahFuturesOnRamp go together like peas and carrots or peanut butter and jelly.

Guess what

Did you know UtahFutures has a test prep suite called [LearningExpress Library](#) which offers an extensive and continuously revised library of practice tests and tutorials to help you excel in school and the workforce? Plus, it's FREE and has courses written in Spanish as well.

- Prep for AP, ACT/SAT, and GED tests
- Industry exams
- Core skill practice tests in reading, writing, and math
- Computer and internet skills
- Popular software programs
