

9th grade – College & Career Research

1. Take the Career Cluster Inventory Assessment on UtahFutures.org
2. What are your top 3 Result Groups?
 - 1.
 - 2.
 - 3.
3. Research an occupation from the group you scored the highest.

Favorite Occupation	Why did you choose this occupation?	Education Needed	Three things to know about this career

4. Now determine what program you need to study in college to be trained for your favorite career.
 - On the Career Result page, find the "Education" box > Choose a Programs of Study (this would be your major)

Program of Study	Utah College or University that offers your program	Two things you should know about this program

5. Now that you have selected a program of study, click on a college that offers your program that you want to attend.
 - On the Programs of Study page, click the "Utah Colleges & Universities" link.

College Name	How difficult is it to be accepted?	How important is your High School GPA for acceptance?	Is the ACT or SAT required for acceptance?	In-State tuition cost	Other Costs: Fees, Books, Room/Board
			If Yes, what is the average score?
