How to Search for Programs of Study

Find information about the program of study that interests you. Connect your program of study to careers, and schools that provide education and training.

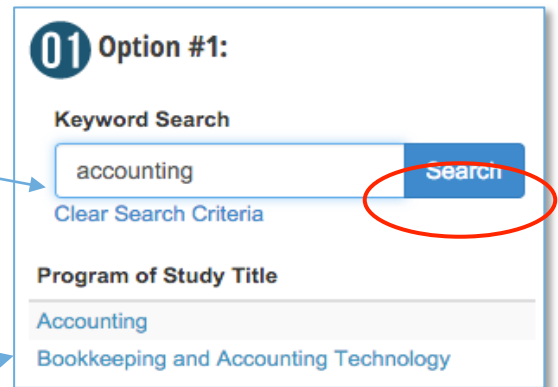

Get Started:

Search for programs of study using the Keyword Search or the Alphabetical Search List.

Keyword Search

Use the Keyword Search if you know the program of study you are interested in.

1. Type the program name in the keyword search box.
2. Click **Search**.
Results are returned below the search box.
3. Click on the Program of Study name to learn more about the program, schools who offer the program,

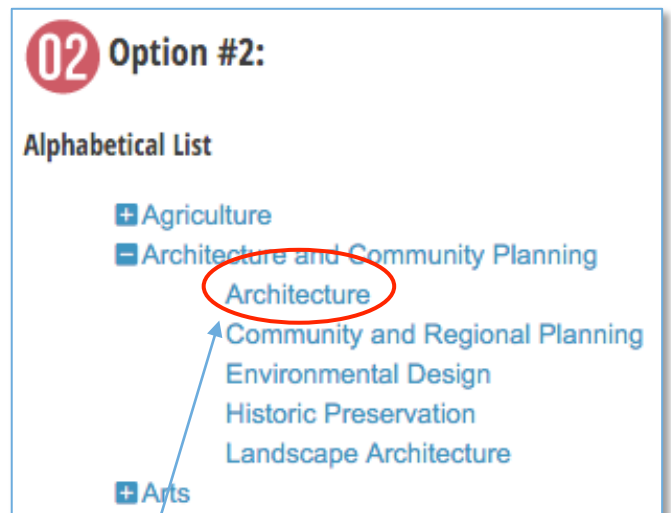

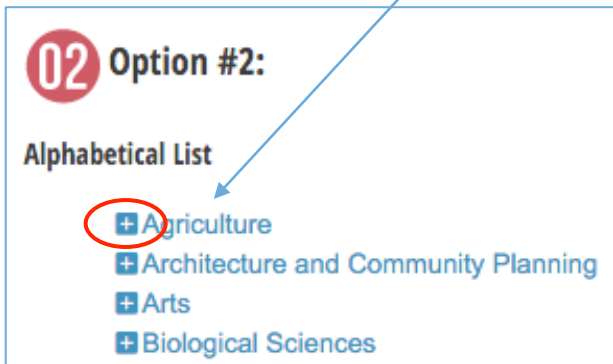

admission information, and more.

Search Alphabetical List

Use the Alphabetical List to browse programs of study before making a selection.

- Click the **plus sign** next to the Program Study name to see related programs of study.

Note: If you click the name next to the plus sign you will be directed to that program of study. You must click the plus sign to see related programs of study.

- Click the **program of study name** to see information on that program.
